

ARE YOU INTERESTED IN TAKING A TOUR?

**Come tour the Arizona Department of Transportation's
Traffic Operations Center!**

Here are a few things you will see:

- Real time management of highway incidents
- Engineers and technicians managing traffic conditions
- Live video of current freeway conditions
- Real time traffic information being provided to all of the major television, radio, and newspaper providers
- Arizona Department of Transportation's state-of-the-art systems and control center

Learn about:

- Career Opportunities in the high-tech fields of Transportation, Engineering, Computers, and Mass Media
- Arizona Department of Transportation's state-of-the-art systems & control center
- How our Control Room connects with our 511 Traveler Information Systems, 5-1-1 and www.az511.gov
